

RENQIU AOCHEN INTERNATIONAL CO., LTD

ABOUT US

Renqiu aochen international co.,ltd located in Renqiu City Hebei Province, 160KM from Beijing and 180KM from Tianjin port. We are one of major rubber manufacturers in Hebei, China. Cover 30,000 sqm. We have 10 salesperson, 3 R&D person and 300 workers with production capacity 2000 tons per month. Our product range include industrial rubber sheet, rubber floor, stable mat and all kinds of moulded rubber sheet. The advanced intelligent mixing rubber center and accurate test equipment ensure us to provide high quality for our customers.

ACC09001-6	EP350	350	1.5			
ACC09001-7	EP400	400	1.65			

Note:

1. Polyester conveyor belts, also called EP conveyor belts, whose tension resistant body is canvas woven by polyester in warp and nylon-66 in weft. The belts have the characteristics of low elongation in warp and good trough ability in weft, good water resistance, good wet strength, no mould.
2. Suitable for medium, long-distance and heavy-load transportation of materials. Because of the high initial modulus of polyester, the belts can choose a relative low safety factor.

ANTI SLIP RUBBER SHEET

— Anti-slip floor

- 1) With different anti-slip surface: Round dot, Fine ribbed, Checker plate, Willow, Board ribbed, Pyramid patterns etc
- 2) Width, length and color is available on customers' request.
- 3) Widely used for ground entranceways, doors, stairs, escalator aprons, ramps etc.
- 4) Wear resistance, pressure resistance, shock absorption and noise reduction, easy to install and clean, quick drying.

LIVESTOCK MAT

ACM03001 COBBLED TOP STABLE MAT

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1220mm/1000mm	1830mm/2000mm	10mm
1220mm/1000mm	1830mm/2000mm	12mm
1220mm/1000mm	1830mm/2000mm	15mm
1220mm/1000mm	1830mm/2000mm	17mm

Features

1. Anti-slip surface protection.
2. Embossed top surface provides traction and prevents animal getting injury from slipping.
3. Grooved bottom is effective for drainage.
4. Increase comfort for animal and is easy to clean with little maintenance.
5. Wear Resistance, Aging Resistance, Acid And Alkali Resistance, Good Resistance To Tearing.
6. We can cut interlocking.

Applications

1. Cover large areas.
2. Reduces damage to trays, floor, etc.
3. Horse & Cow stables, Calf & Pig pens, Heavy work areas, Truck beds.

ACM03002 HONEYCOMB MAT (HEXAGON MAT)

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1220mm	1830mm	12mm
1220mm	1830mm	14mm
1220mm	1830mm	17mm

Features

1. Hexagon pattern which provides good grip and is easy to clean.
2. Soft yet hardwearing which provides both comfort and durability.
3. Non porous rubber compound which avoids a build up of bacteria.
4. Impact absorbing which limits damage to equipment and the existing floor.
5. We can cut interlocking.

Applications

1. Wash down areas.
2. Calf pens.
3. Horse stables.
4. Weight training areas.

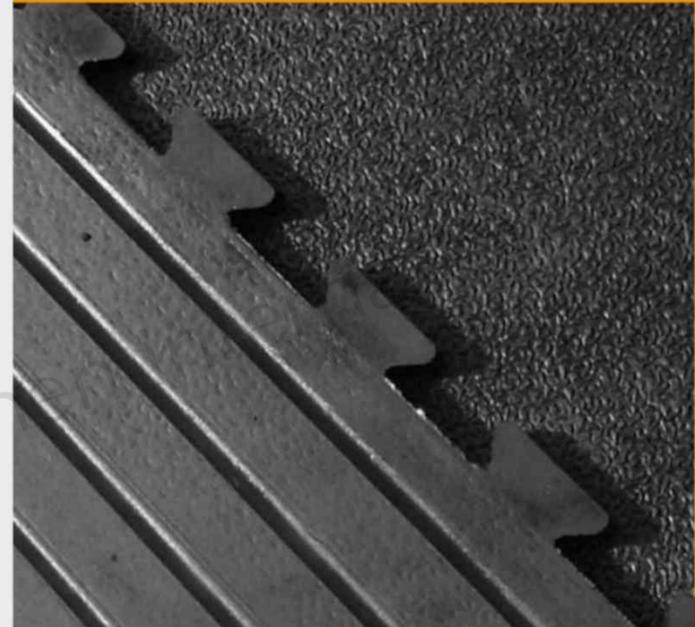

ACM03003 INTERLOCKED STABLE MAT

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1220mm	1830mm	12.7mm
1220mm	1830mm	17mm

Features

1. Anti-slip surface protection.
2. Embossed top surface provides traction and prevents animal getting injury from slipping.
3. Grooved bottom is effective for drainage.
4. Increase comfort for animal and is easy to clean with little maintenance.
5. Wear Resistance, Aging Resistance, Acid And Alkali Resistance, Good Resistance To Tearing.

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1220mm	1830mm	12mm
1220mm	1830mm	17mm

Features

1. With excellent anti-slip comfortable surface and easy to be cleaned.
2. Bottom grooved pattern is effective for drainage.
3. Widely used in the livestock stables, calf and pig pens, waling area, machines floor, truck beds.
4. We can cut interlocking.

Applications

1. Pens and holding yards
2. Slippery inclines
3. Loading ramps
4. Stock transport
5. Entries & exits to concrete yards
6. Wet areas

ACM03005 PYRAMID COW&HORSE MAT

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1220mm	1830mm	19mm

Features

1. With excellent anti-slip comfortable surface and easy to be cleaned.
2. Bottom grooved pattern is effective for drainage.
3. Widely used in the livestock stables, calf and pig pens, waling area, machines floor, truck beds.
4. We can cut interlocking.

Applications

1. Pens and holding yards
2. Slippery inclines
3. Loading ramps
4. Stock transport
5. Entries & exits to concrete yards
6. Wet areas

ACM03006 RAMP RUBBER MAT

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1525mm	2135mm	12.7mm

Features

Anti-slip ridging provides outstanding traction for horses which means less spooking and increased safety for animals and handlers. Non-porous so will not absorb fluids, nor support bacteria growth. It's also very easy to clean. High quality rubber compound which is incredibly long lasting and attractive. A single piece can be applied avoiding the need for time wasting butt joints.

Applications

It is also called Trailer rubber mat, or Ramp mat. It is been widely used in utility trailers, horse trailers, cattle transporter and horse trucks.

ACM03007 HORSE TAILGATE MAT

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1500mm	2000mm	20mm

Features

Anti-slip ridging provides outstanding traction for horses which means less spooking and increased safety for animals and handlers. Non-porous so will not absorb fluids, nor support bacteria growth. It's also very easy to clean. High quality rubber compound which is incredibly long lasting and attractive. A single piece can be applied avoiding the need for time wasting butt joints.

Applications

It is also called Trailer rubber mat, or Ramp mat. It is been widely used in utility trailers, horse trailers, cattle transporter and horse trucks.

ACM03008 HAMMER GROOVE ROLL

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1600-2000mm	10000-30000mm	6-25mm

Features

1. With excellent anti-slip comfortable surface and easy to be cleaned.
2. Bottom grooved pattern is effective for drainage.
3. Widely used in the livestock stables, calf and pig pens, waling area, machines floor, truck beds.
4. Can be cut into interlocking pattern.

Applications

Cattle stall pigsty, stables, pasture, livestock farm laying on transporting cattle trucks heavy industry work area, car boxmat, wet place, etc.

ACM03009 SQUARE-SHAPED HAMMER ROLL

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1000-2000mm	1000-50000mm	15-25mm

Features

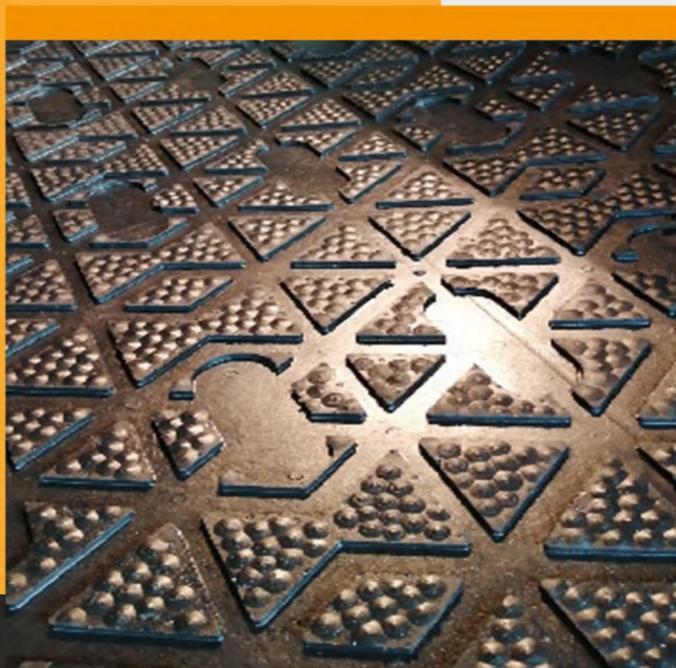

1. Surface design with high abrasion resistance, compression resistance and anti-slip resistance
2. The groove on bottom can increase the friction with the ground, which can also remove sewage and keep the ground dry.
3. The cow mat which can be Anti-fatigue and anti-bacteria, moisture-proof, cold-proof and epidemic prevention.
4. The floor laid by the cow mat is smooth, clean, comfortable and beautiful, which with good anti-slip effect.

Applications

Cattle stall pigsty, stables, pasture, livestock farm laying on transporting cattle trucks heavy industry work area, car boxmat, wet place, etc.

ACM03010 COW MAT

Color: black

We can custom-made according to customers' requirements.

Size		
Width	Length	Thickness
1830mm	1000-50000mm	19mm

Features

Cow mat and Horse stall mat properties meet the specific requirements of cow and horse breeders' modern facilities. Long-lasting life time, Non-slip pattern make sure safety, seamless rolls improve hygiene.

Applications

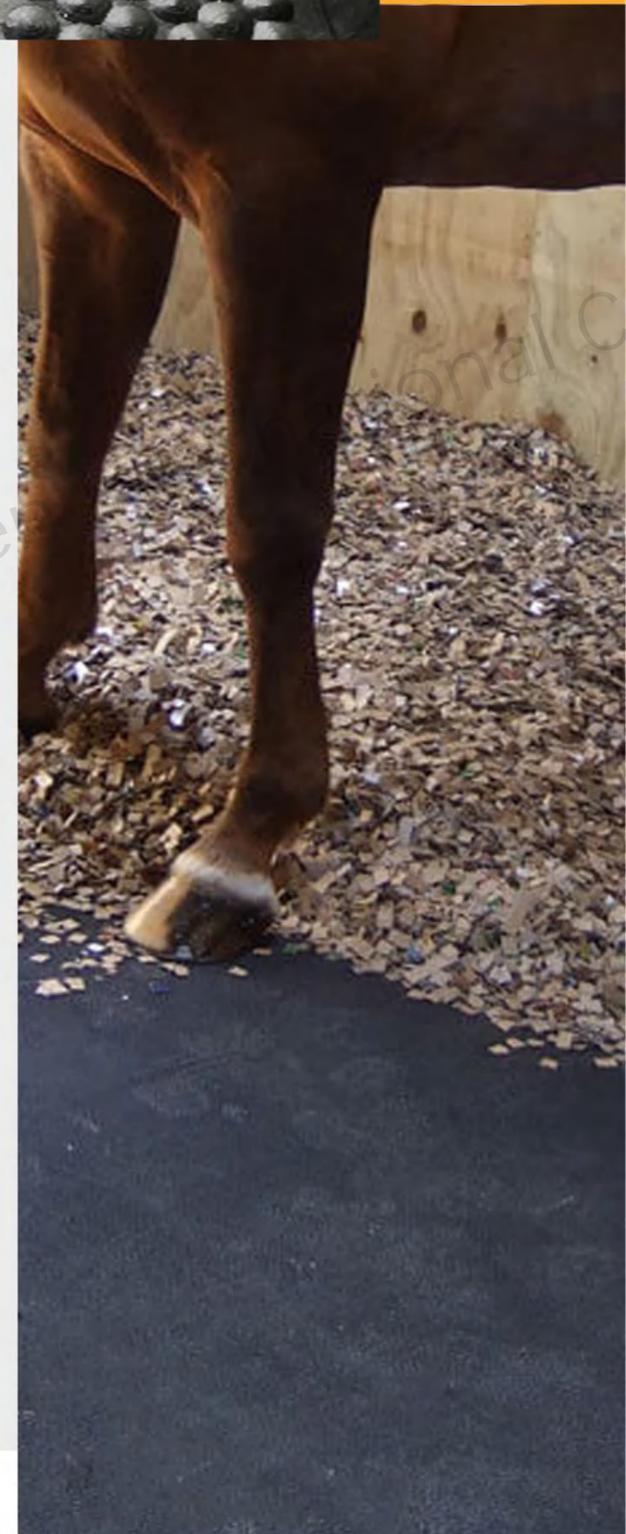

Cow mat ideal for passages ,leys, walkways and milking parlours; Horse stall mat suitable for stall boxes, exercise areas and shower room
Durable, adaptable and easy to fit.

ACM03011 RIBBED HAMMER COW MAT
